SAILBOARDS '89

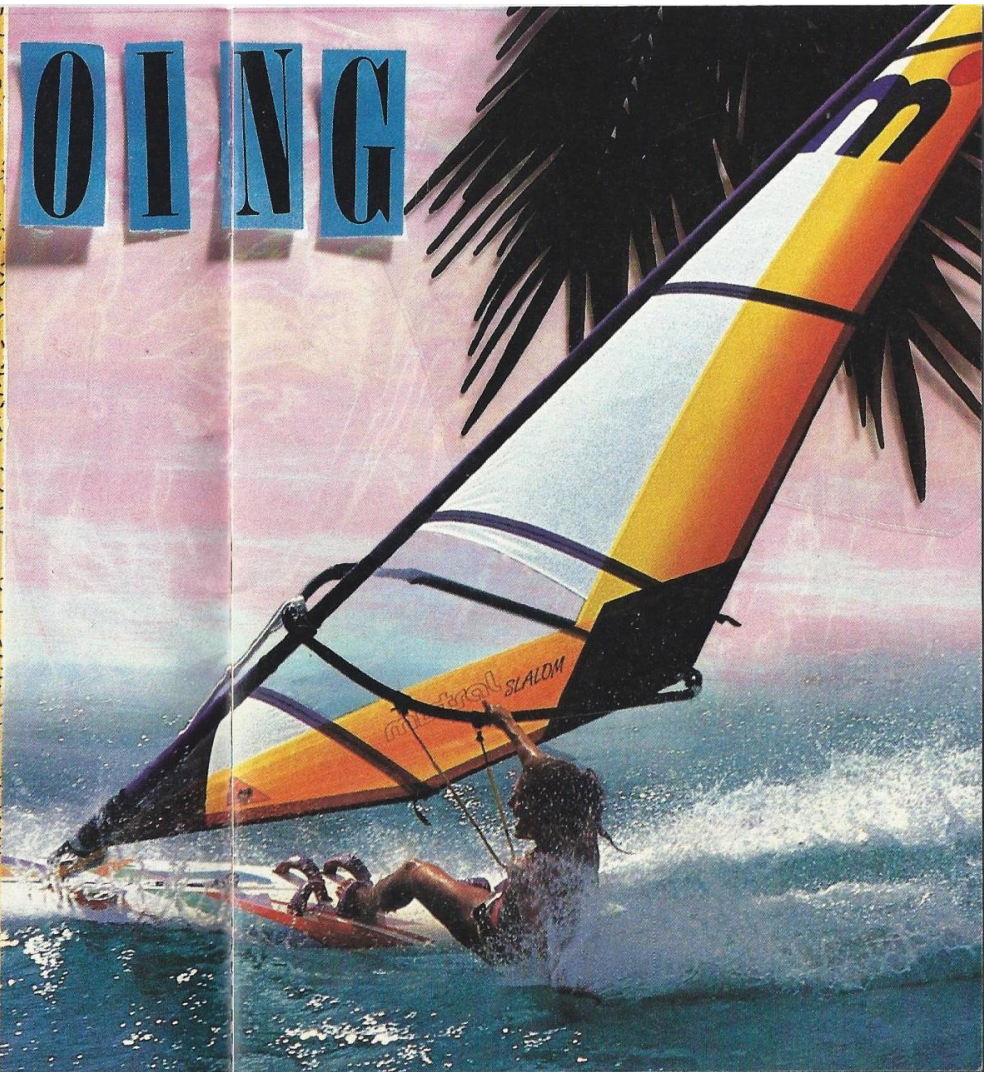

SO LONG TO THE EVERYDAY! TAKE OFF FOR FUN!

Leave the nine-to-five world behind and let yourself go – in Mistral's world of non-stop fun, sun and fresh air! It's a world of recreation and racing... jumping and jibing... **radical maneuvers** or long, lazy days at your own chosen speed. Mistral's world of windsurfing is for the first-time-out novices... as well as off-the-lip experts. It's also a world of **action** accessories, sportswear that's funwear, and lots more. Welcome aboard **MISTRAL!**

Easy GOING

Both at speed and in maneuvers. Mistral's New Malibu carves precisely, and at sensational speeds! Superb jibing, tacking and early planing – you name it – Malibu's got it!

PURE FUN

Both in the waves and on flat water. Fastest in the speed lanes, too. Planing starts at just 8 knots. This is jet propulsion in windsurfing. You'll make your day when you make it with MISTRAL's SHREDDER!

MADE FOR FUN: THE

E

EQUIPE. A fast race board with superior windward sailing characteristics. Standard equipment includes a light regatta centerboard and a computer-shaped glass-fiber fin. LENGTH: 3,72 m/12' 2" WIDTH: 635 cm/25" VOLUME: 235 liters WEIGHT: 13,8 kg/30 lbs MATERIAL: LCS SHAPE: triple concave in the bow, quattro-concave in the tail section.

P

PANDERA. Lively allround funboard with easy sailing characteristics. The wide pintail winger tail gives you early planing. LENGTH: 3,53 m/11" WIDTH: 64 cm/25" VOLUME: 185 liters WEIGHT: 13,5 kg/30 lbs MATERIAL: DCS SHAPE: in the bow area, quintuple concave; in the stern, quattro-concave.

N

NEW MALIBU. Agile 3.30 m funboard combining the characteristics of a raceboard with those of an all-out funboard. The "OPHIHI" speed dent in the bow reduces the wetted area and ensures a smooth ride even at top speeds. LENGTH: 3,30 m/10' 10" WIDTH: 63 cm/25" VOLUME: 165 liters WEIGHT: 12 kg/26 lbs (DCS), 13 kg/29 lbs (UDS) MATERIAL: DCS or UDS SHAPE: at the bow, triple concave with "OPHIHI"; with a double concave tail.

BOARDS OF THE '90s.

S

SHREDDER. Today's slalom board with an extremely wide range of applications. A strong new entry in the 3-meter class. LENGTH: 3,00 m/9' 9" WIDTH: 58 cm/23" VOLUME: 128 liters WEIGHT: 9,5 kg/21 lbs MATERIAL: DCS SHAPE: triple concave

S

CREAMER. Radical slalom board in original World Cup shape. For fun, speed and maneuvers. LENGTH: 2,80 m/9' 2" WIDTH: 56 cm/22" VOLUME: 103 liters WEIGHT: 8 kg/17,5 lbs (LCS), 9 kg/20 lbs (DCS) MATERIAL: LCS or DCS. SHAPE: double concave at the bow, triple concave at the tail.

C

CHALLENGE FLEX. High performance radical board with incredible speed. Reason: its flex-tail construction. The flat bottom with interchangeable tail combines the advantages of a radical maneuver board with those of a speed board. LENGTH: 2,70 m/8' 10" WIDTH: 56,5 cm/22" VOLUME: 105 liters WEIGHT: 9,5 kg/21 lbs MATERIAL: LCS SHAPE: flat bottom with flex tail.

SLALOM S

Allround sail with good maneuvering characteristics and plenty of performance reserve. The luff strip ensures easy handling and good acceleration. It's the ideal sail for funboard beginners.

MATERIAL: Aerofoil
SIZES: 6.2 m², 5.7 m², 5.2 m²

PROGRESS

A comfortable allround sail which has been officially recognized by the IYRU for IMCO regattas. A powerful allround sail, easy to rig, fast and easy to sail.

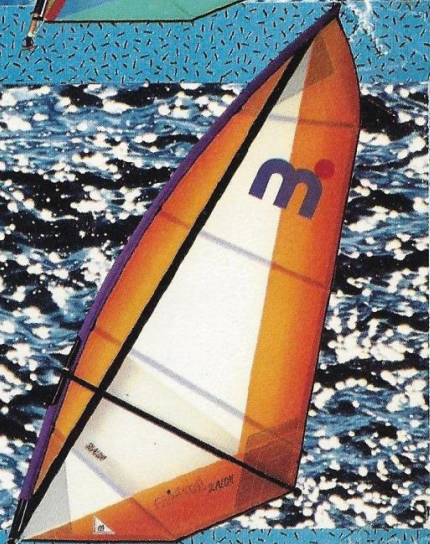

MATERIAL: Aerofoil
SIZE: 6.3 m²

SLALOM '89

A fast slalom sail of extremely light construction. The concave luff strip ensures easy handling, powerful acceleration, smooth sail control and great shape retention. This is the sail for the active sailor.

MATERIAL: Aerofoil
SIZES: 6.2 m², 5.7 m², 5.2 m²

WHICH RIG FOR WHICH BOARD ?

SLALOM '89	- New Malibu DCS - Pandera
SLALOMS	- New Malibu UDS
PROGRESS	- IMCO One-Design

The **EQUIPE**, **SHREDDER**, **SCREAMER** and **CHALLENGE FLEX**
